

January 8, 2014

Thank you for all the work you have done to become a MNsure certified broker. We appreciate your commitment to enrolling individuals and businesses in affordable healthcare coverage through the MNsure site. Our records show that you have not completed all of the training necessary to be fully certified. We encourage you to complete this training at your earliest opportunity so that you can be listed in our directory and continue to help Minnesotans through the open enrollment period ending March 31, 2014. If you are unable to complete the required coursework before Friday January 31, 2014, you will have to wait until the next open enrollment to become certified.

Below you will find login information as well as instructions on how to verify which modules you have "mastered."
